

## DECLARATION OF CONFORMITY MATERIALS AND ARTICLES INTENDED TO COME IN CONTACT WITH FOOD

We hereby declare that:

*the item* : **ISOTHERMAL BOXES IN EPS WHITE**

suitable to the packaging of the food: all type

**are complying with:**

all relevant laws, with particular reference to the following European Community law:

- **Regulation (EC) 1935/04** and subsequent updates and changes
- **Regulation (EC) 2023/2006** and subsequent updates and changes
- **Regulation (EC) 10/2011** and subsequent updates and changes

and with the following Italian law:

- **Ministerial Decree 21/3/73** and subsequent updates and changes
- **Ministerial Decree 777/82** and subsequent updates and changes

The plastic material is manufactured with the following materials and substances:

- Expanded polystyrene (EPS) white

We declare that:

- the material does not contain substances subject to restrictions in the legislation cited and respects the limits of global migration
- the material contains substances subject to restrictions in the legislation cited and respects the limits of overall migration and specific restrictions: **Zinc**

in the following test conditions:

<b>Simulant type</b>	<b>Time and temperature</b>
Simulant A (Ethanol 10% v/v)	10 day 20°C
Simulant B (acetic acid 3% p/v)	10 day 20°C
Simulant D2* (vegetable oil)	10 day 20°C

\*The analysis was carried out using oil substitute simulants under the appropriate time and temperature conditions, as to Reg(EU) 10/2011

NIAS: in accordance with the new Regulation 1245/2020 on plastic materials, for which an investigation of genotoxic substances is required, a NIAS (Non-Intentionally Added Substances) screening study was carried out, through which no criticalities were highlighted.

The overall migration limits, together with other specific limitations to whom can be submitted the monomers and / or the additives present in the material are adhered to in the above-mentioned conditions of use. This assertion is supported by analytical tests conducted in accordance with the Regulation (UE) 10/2011 and DM 21/3/73, or according to calculations made by considering the content of substances subject to restrictions on migration. The calculations were made assuming that 1 kg of food come in contact with 6dm<sup>2</sup> of packaging material

<input checked="" type="checkbox"/>	In the article there are flavorings and additives regulated by Regulation (EC) 1333/08 and by Regulation (EC) 1334/08 ("dual use"):
<input type="checkbox"/>	In the article there aren't flavorings and additives regulated by Regulation (EC) 1333/08 and by Regulation (EC) 1334/08 ("dual use"):

This statement is prepared according to the laws cited above and is destined to:

**VIKTOR TRAMPISCH GMBH**  
**PETRITSCHGASSE 2**  
**01210 WIEN - AUSTRIA**

**Specification of the intended use limitations:**

The manufactured product can be used, together with the food, at any freezing and chilling condition	Sì <input checked="" type="checkbox"/>	No <input type="checkbox"/>
The artifact can be used, together with the food, in the traditional oven	Sì <input type="checkbox"/>	No <input checked="" type="checkbox"/>
The product can be used, together with the food in the microwave	Sì <input type="checkbox"/>	No <input checked="" type="checkbox"/>

The company declares the technological suitability of the product to its intended purpose.

The industrial or commercial user of the article indicated in this declaration does not exclude the verification of its compliance with the applicable regulations in force as well as the technological suitability for the purpose for which it is intended.

This declaration is valid from the date listed below and must be replaced in the presence of substantial changes in the production of material capable of changing the essential requirements for compliance or when the legislative references cited are modified and updated to require a new verification for compliance.

**DECLARATION NUMBER: 38/23**
